**Subject:** North Star - Facility Upgrade (Consultation Notification) (FNC202016589)  
**Attachments:** Notification Package (FNC202016589).pdf

Good morning,

Please be advised that CanCon has been directed to consult with Community A on its proposed Facility Upgrade. Please see enclosed Notification Package, which includes notification letter and plain language information package.

Please do not hesitate to contact me if you have any questions regarding any of the content located in the Notification Package.

Please be advised that you will have 15 Government of Alberta working days (starting tomorrow) to respond to the content of the Notification Package.

I look forward to hearing from you.

Regards,

RESPONSE  
E-MAIL

Hey Renzy,

Thank you for sending the Notification Package, I opened the PDF file to check that everything is there and I can confirm that everything is in order. As you may be aware, our community is currently facing a high level of consultation requests but I will try and get back to you in the next few days with any concerns the community may have in relation to your proposed project.

Cheers,

Juan

**Subject:** Follow-up #1 (FNC202016589)

Good morning Juan,

I have not yet received any feedback from you regarding any concerns your community may have. I know that you're facing a rather hefty amount of consultation requests and I just wanted to send you a follow-up.

Please be advised that 5 GoA working days have elapsed since your receipt of the notification package. Please provide me with any concerns your community (Community A) may have regarding the proposed project (North Star – Facility Upgrade). If you intend to provide concerns, please ensure you describe the specific treaty rights and traditional uses that may be impacted by the proposed project at that location, including how (please reference both the proposed project and the FNC#). If your community has no concerns, then please provide me with a Letter of No Concerns (please be sure to reference the FNC# and proposed project).

Please be advised that the Notification Period will end by end of day on April 14.

As always, please do not to hesitate to contact me if you have any questions and/or concerns.

Regards,

**Renzy McNeil**

Good morning Juan,

I have not yet received any feedback from you regarding any concerns your community may have. I know that you're facing a rather hefty amount of consultation requests and I just wanted to send you a follow-up.

Please be advised that 10 GoA working days have elapsed since your receipt of the notification package. Please provide me with any concerns your community (Community A) may have regarding the proposed project (North Star – Facility Upgrade). If you intend to provide concerns, please ensure you describe the specific treaty rights and traditional uses that may be impacted by the proposed project at that location, including how (please reference both the proposed project and the FNC#). If your community has no concerns, then please provide me with a Letter of No Concerns (please be sure to reference the FNC# and proposed project).

Please be advised that the Notification Period will end by end of day on April 14.

As always, please do not hesitate to contact me if you have any questions and/or concerns. **Please be sure to copy my colleague Muhammad ([Muhammad.Alshukri@CanaCon.ca](mailto:Muhammad.Alshukri@CanaCon.ca)) on all communication in the coming days as I will be in-and-out of work due to personal obligations.**

**Subject:** RE: Follow-up #2 (FNC202016589)

Good afternoon Renzy,

I apologize for my delayed response. Is it possible to arrange a site visit for early tomorrow morning (say at 9:00 AM)? I can meet you—or one of your staff—at the Facility's main gate. I know this is short notice but I'm also sure that you are working with tight deadlines and getting it done tomorrow is probably best for both of us.

Let me know if the proposed time tomorrow works.

Cheers,

**E-MAIL #3**

Hello Juan,

Renzy is out of the office for a couple of days. That being said, a site-visit for early tomorrow morning at 9:00 AM is acceptable. Please arrive at least 30 minutes early (8:30 AM) to ensure that you (and anyone else accompanying you) can get your security/guest identification card. Please be sure to also bring with you any invoices that fall within our Consultation Services Agreement so that I can have my team process payment to your community (you may also email the invoices). Also, please ensure you have proper footwear—other necessary gear/clothing will be provided at security gate. Finally, if you plan to have anyone accompany you, please provide me with their information as soon as possible to ensure that security has their information prior to their arrival tomorrow morning.

Thanks,

**Muhammad Alshukri**

Telephone Log

**Call Status:** Incoming  
**Subject:** Site-visit  
**Caller:** Juan Bishop

**Date:** Monday, April 11, 2016  
**Time:** 2:30 PM  
**CanaCon Employee:** Muhammad Alshukri

**Notes:**

Mr. Bishop of Community A called to confirm site-visit for Tuesday, April 12, 2016 (9:00 AM). Mr. Bishop indicated that he would be accompanied by Community Elder, Ray Donaldson. Additionally, Mr. Bishop indicated that he would forward me the associated invoice shortly after our telephone conversation.

**Comments:**

All invoices received will be forwarded to appropriate CanaCon staff for processing.

**Subject:** ROC Log Review (FNC202016589)  
**Attachments:** ROC Log - Community A-(FNC202016589).pdf

Good afternoon Juan,

It has been several days since the site-visit occurred and neither I or Muhammad have heard anything regarding any other concerns Community A may have.

As per Alberta's consultation guidelines, First Nations and/or Metis Settlements involved in consultation must be given the opportunity to review the consultation record for accuracy. In accordance with this requirement, please find the attached Record of Consultation (ROC) Log associated with FNC202016589 for your review. Please be advised that you will have 5 Government of Alberta working days to review the record for accuracy and, where applicable, comment back identifying any errors and/or omissions.

If you require any clarification regarding any of the content found within the ROC Log, please contact me within the above noted time period at [Renzy.McNeil@CanaCon.ca](mailto:Renzy.McNeil@CanaCon.ca). If you require general information about the ROC Log verification process, then please refer to the Government of Alberta's Proponent Guide to First Nations and Metis Settlements Consultation Procedures, located on the Aboriginal Consultation Office's website.

Please be advised that upon completion of the ROC Log verification period, CanaCon Energy Limited will be submitting their records to the Aboriginal Consultation Office in order to formally request an adequacy assessment.

Regards,

RESPONSE  
E-MAIL

Hello Renzy,

Please see attached file for official Letter of No Concerns. Please be advised that Community A expects CanaCon Energy Limited to comply with its stated commitments, they are:

CanaCon Energy Limited will remind all of its staff involved with the **North Star – Facility Upgrade** project of its policy prohibiting staff from feeding any wildlife;

CanaCon Energy Limited will ensure that Community A is contacted in a timely manner anytime animals (those perceived as dangerous) are spotted near the **North Star – Facility Upgrade** project.
