

## Internet Explorer (IE) – What Version I am using?

Menu Bar / Toolbar – Press **Alt** on your keyboard if you don't see the "Help" section.

Please update to a modern version of IE, if you are using version 8 or 9.

# Internet Explorer (IE) – Remove Compatibility mode

Press “Alt-X” on your keyboard to get the tools settings to appear.

Click “Compatibility View Settings”.

- 1- Temporarily **Remove** alberta.ca from the “Websites you’ve added to Compatibility View:”
- 2- Uncheck the check box: “Display intranet sites in Compatibility View”
- 3- Click “Close”

You should be using the latest version of Internet Explorer (IE).
